Dear FCC:

Cell phones have become a near-necessity in my household. I already pay the universal connection fee on my wired phone, plus several local taxes, including a fee for 911 service....seems to me that if the fee for universal connection is increased on cell phones, I will be paying the same fee twice in order to provide service to someone else ! Strange business.

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,
